

Testimonials

Women's Empowerment, Sewing Project

"With the money I make from tailoring I can support my family, sort school uniform for poor kids in my class, and support other women to learn tailoring."

"Please tell them [Canadian donors] 'thank you' because this project is changing lives".

Water Well Project

"We had expected our member of parliament to respond to our needs over the years. Seeing that there was no response from the politicians, we lost all hope. Today, we have a borehole in our community. We are excited to see that the church has come to our rescue... they moved to provide the needs of the community. This helps us know that our hope should be in God alone. This borehole symbolizes that Jesus of the Nazareth is the living water. God bless the donors."

Assist Disaster Victims

During disasters, the most vulnerable lose everything. Give some relief items for these people who are in desperate need of food, shelter, clean drinking water or water purification tablets, blankets, etc. You can save a life and offer hope to a hopeless situation.

Transform A Community

You can help farmers produce more food through applying the methods of Conservation Agriculture. You can provide the needed funds to teach skills and training in alternate livelihoods so that families can generate income to buy their own food and other necessities. All of these initiatives are transforming communities as they are implemented through local churches.

Change A Child's Life

Sponsor a Child or provide funds for a Child Development Centre. There are many children in need waiting for someone like you to show them love by sponsoring them or their Child Development Centre, so that they can receive an education, health care, spiritual guidance and Bible teaching, as well as experiencing fun and laughter through participation in games and celebrations.

Save Lives With A Well

Water is essential for life. Many in our world still do not have access to clean drinking water. Dirty water results in diarrhea, malnutrition, sickness, and even death. Save lives today. Provide a well.

Respond With Compassion In Canada

Be trained in Disaster Response. Learn how to prepare for disasters and become equipped to respond to disasters in your community.

Raise awareness about Human Trafficking in Canada and how traffickers work - how they groom young people and force them to provide sex. Be aware of the signs of human trafficking and how to call for help.

Learn how NCM Canada can come alongside your church with resources for ministries of compassion in your local community.

OUR FAITH IN ACTION. TOGETHER WE CAN:

Help A Family By Giving A Gift

Give a gift that lasts! It can be a goat, or a well, or a sewing machine, or seeds or pastor training or any of the gifts in our NCM Canada Gift Catalogue. You will be helping a family in the time of their need. You can help make a difference!

Feed The Hungry

Feed malnourished mothers and young children who are hungry. Give food, seeds, and training to chronically hungry families to help them produce their own food and eliminate hunger. Give a gift to the work of Canadian Foodgrains Bank. Together, we can work towards ending global hunger.
